American Constructors' 11th Annual Charity

Clay Shoot

Are sponsorships available?

Yes! Check out our sponsorship page to see what levels are available.

Can I come hang out if I'm not a shooter?

Please contact marketing@americanconstructors.com to see if we have space for you to join us for lunch and dinner.

Do I need to sign a release form?

Yes, all necessary liability forms will be completed day-of.

Do I need to bring my own gun?

Yes, please bring your own 12- or 20-gauge gun. Capital Clays does not rent any firearms. Tape will be provided at check in to mark your gun and prevent any mix ups.

Do I need to bring my own shells?

No, 12- and 20-gauge shells will be provided. Please let us know what kind of gun you will be shooting with during registration so we can get an accurate ammo supply.

Can my team bring our own golf cart / ATV?

Yes! If you don't have a cart, Capitol City does have 2 or 3 that will be available on a first come, first serve basis. American Constructors team members will be driving carts between stations 1 and 12 to minimize the long walk between those stations. All other stations are easily walkable.

Will eye and ear protection be provided?

We will have free earplugs available for anyone who needs them. Please bring your own sunglasses or eye protection.

Where do I park?

There are two spots to park: a smaller gravel lot in front of the main building and a large parking lot across from the covered pavilion that is perfect for larger trucks and trailers.

Can I drink alcohol?

Consumption of alcoholic beverages are not allowed prior to or during shooting. After you are done shooting, a member of our team will remove your shooter wristband, and you will be free to drink any of the available alcoholic beverages.
